Workshop Fees & Group Rates

We try to keep our fees at a minimal per person rate with the intent to help offset the costs associated with putting on an interactive & informative workshop such as this. We charge only what is needed to help with printing costs, materials, etc... and refreshments when applicable. We assure you the benefits of the workshop far outweigh the costs as what we do is ultimately for the safety of children in America... a more than worthy cause & our responsibility as Adults. If you have any questions or concerns, please feel free to contact us.
